

## Product

### HYDRO-PRO Wall Mounted Potable Expansion Vessels With Fixed Membrane

Z1-11A0000200 - 2L HYDRO-PRO Potable Wall Mounted Expansion Vessel  
 Z1-300005WH - 5L HYDRO-PRO Potable Wall Mounted Expansion Vessel  
 Z1-300008WH - 8L HYDRO-PRO Potable Wall Mounted Expansion Vessel  
 Z1-300012WH - 12L HYDRO-PRO Potable Wall Mounted Expansion Vessel  
 Z1-300018WH - 18L HYDRO-PRO Potable Wall Mounted Expansion Vessel  
 Z1-300024WH - 24L HYDRO-PRO Potable Wall Mounted Expansion Vessel  
 Z1-11A0003500 - 35L HYDRO-PRO Potable Wall Mounted Expansion Vessel

## Technical Specification

Operating Temperatures: -10°C - 99°C  
 Max Working Pressure: 10 Bar  
 Pre Charge Pressure (2L): 3.5 Bar  
 Pre Charge Pressure (5-8L): 3 Bar  
 Pre Charge Pressure (12-24L): 2 Bar  
 Shell: MIG Welded Carbon Steel  
 Connection: Stainless Steel  
 Membrane: Butyl  
 Colour: 2L Grey / 5L-35L Blue (RAL 5015)

## Dimensions

Capacity (Litres)	Diameter ØD(mm)	Connection ØC (BSP)	Height H (mm)
2	142	½ "G	196
5	160	¾ "G	270
8	200	¾ "G	280
12	270	¾ "G	264
18	270	¾ "G	349
24	300	¾ "G	392
35	380	1" G	360

## Additional Information

5 years warranty

Wall mounted brackets available 5-24 Litres (RSMB2)

MIG welded carbon steel shell

Zilan DW Membrane

Externally and internally finished in a hard wearing epoxy powder coating

Fixed membrane at both ends of the vessel prevents contact between the vessel and membrane

Suitable for water pumps and booster systems

100% Factory tested
