Additional Information

Simple, non concussive operation makes the tap ideal for high use environments such as gyms or schools

NC160CP5 includes 2x 5 L/min flow regulators, making it ideal for situations where water conservation is paramount

Designed for use with a thermostatic mixing valve, such as our range of intamix TMV's

Timed flow automatically closes the tap after a set period of time, reducing waste water

Wall mounted version available NC170CP
